About this catalog

The operations book: cleaners & disinfectants (including aerosol sprays), janitorial supplies, dish & hand soaps, laundry supplies, scrubbing pads, trash bags and liners, and restroom tissues - plus the KITCHEN category, which is kitchen smallwares (Patricia's call: smallwares belong with operations, not food), buffet & catering equipment, foodservice and coffee service equipment, warehouse and office supplies, charcoal & BBQ supplies, and workwear and linen lines (clothing & cloth items, chef hats & clothing). Single-use serviceware and packaging are in the Disposable Catalog. Listings are grouped by category, then brand, then description.

TEMPERATURE

FRZ ships and stores frozen.

CHILL ships and stores refrigerated.

DRY shelf-stable. The Temp column marks every row.

STATUS

Active - stocked in the warehouse.

Non-Stock Cross Dock - order-only; the item moves through on order rather than sitting in stock.

READING A ROW

One row per SKU. Where a product is sold in more than one unit, the UM column lists them together (for example CS, EA) and Pack / Size show each unit's values in the same order. No prices are printed in this catalog - pricing is quoted at order time.

Ordering from this catalog

Quote the SKU and description exactly as printed when ordering. **Active** items are stocked; **Non-Stock Cross Dock** items are order-only, so allow for order lead time on those lines. Pack and Size are shown per unit of measure - where a row lists more than one UM, the values follow the same order as the UM column.

This is one of eight Merchants Market catalogs - Meat & Poultry, Seafood, Produce, Dry Groceries, Dairy, Frozen Foods, Disposable and Maintenance. Every product appears in exactly one catalog. No prices are printed here; pricing is confirmed at order time.
