About this catalog

The dairy book of Buyer 22 (Shane Nathe) as its own catalog: cheese in all its forms (block, loaf, retail, shredded & crumbled, soft & spreadable), fluid milk, cultured dairy, the dairy 1-week pre-book, eggs in shell, liquid and frozen, butter, margarine & spreads, and UHT, canned & dry milk. This is exactly Part 3 - Dairy of the Frozen & Chill Catalog, published standalone - the same listings, never duplicated anywhere else. Shelf-stable (DRY) milk lines and dairy lines held under other buyers sit in the Dry Groceries Catalog. Every row keeps its own temperature mark (most are CHILL; frozen eggs are FRZ). Listings are grouped by category, then brand, then description.

TEMPERATURE

FRZ ships and stores frozen.

CHILL ships and stores refrigerated.

DRY shelf-stable. The Temp column marks every row.

STATUS

Active - stocked in the warehouse.

Non-Stock Cross Dock - order-only; the item moves through on order rather than sitting in stock.

READING A ROW

One row per SKU. Where a product is sold in more than one unit, the UM column lists them together (for example CS, EA) and Pack / Size show each unit's values in the same order. No prices are printed in this catalog - pricing is quoted at order time.

Ordering from this catalog

Quote the SKU and description exactly as printed when ordering. **Active** items are stocked; **Non-Stock Cross Dock** items are order-only, so allow for order lead time on those lines. Pack and Size are shown per unit of measure - where a row lists more than one UM, the values follow the same order as the UM column.

This is one of eight Merchants Market catalogs - Meat & Poultry, Seafood, Produce, Dry Groceries, Dairy, Frozen Foods, Disposable and Maintenance. Every product appears in exactly one catalog. No prices are printed here; pricing is confirmed at order time.
