Merchants
MARKET GROUP

YOUR CARIBBEAN FOOD DISTRIBUTOR

Produce Catalog

Fresh vegetables, fruit, herbs and island produce — the complete fresh-produce range Merchants Market carries for Caribbean foodservice, retail and hospitality customers.

EDITION
October 2026

PRODUCTS
439 items · 15 categories

PRODUCE BUYER
Shane Nathe (buyer codes 24 & 22)

STATUS KEY
Active · Non-Stock Cross Dock

How to use this catalog

This catalog lists every fresh-produce product Merchants Market carries, in one place — separate from the Dry and Frozen & Chill catalogs. Products are grouped by category and listed alphabetically by description within each category. There is one row per product code (SKU); where a product can be ordered in more than one unit, the units are shown together in the UM column.

Status. Active items are stocked lines. Non-Stock items are Non-Stock Cross Dock lines, brought in to order. Of the 439 products in this catalog, 310 are Active and 129 are Non-Stock Cross Dock.

Ordering. Produce is Shane Nathe's book — produce enquiries and orders go through Shane Nathe, Produce Buyer (buyer codes 24 & 22). Prices are not printed in this catalog: fresh-produce pricing moves with the market, so confirm the current price when you order.

Brand. Where the stock list carries no brand for a commodity produce line, the Brand column is shown as a dash. "Packer" appears only where it is the brand recorded in the stock list.
